Community Service

The Quality House and Work Responsibility act of 1998 requires all non-exempt public housing residents 18 or over to contribute 8 hours per month to community service work or participation in a self-sufficiency type program. This is a requirement of your Public Housing Lease and can result in the non-renewal of your lease at your annual review time. If you are a non-exempt resident and are required to do monthly community service here are a few ideas and agencies you can contact that can possibly help you fulfill your requirement.
